

Moi University Wins Awards at the Agricultural Show of Kenya Kitale 2018

The University showcased its greatness at the Kitale Show by the scooping the 1st Position in the Best University Stand and Best Stand Embracing Information Technology and Communication. This Year's Show theme was '**Promoting Innovation and Technology in Agriculture and Trade**'. Innovation and Technology are key determinants in economic growth and major global challenges can be addressed such as food security, changing climate change, health, energy, among others. Through research the University has increased access to information on farming processes and research. The Academia also aiding the government achieve the 'Big Four' Development Agenda. The Show was officially opened Chief Administrative Secretary Dr. Andrew Tuimur.
